Dear

I refer to your letter of January 18, 1978. I have contacted a representative of the People's Temple in Georgetown and asked that Darrell be informed of your desire to speak with him. IIwas assured that Darrell would be notified of your wish and that he will be calling you via the People's Temple radio telephone in the near future.

I also indicated to the representative your desire to visit Darrell. She also promised to relay this information to him, so hopefully the details of your trip were discussed during your telephone conversation.
